

AML Quick Reference Guide

	 <p>Starts at \$1,995 MSRP</p>	<ul style="list-style-type: none"> • Android™ 6.0 (Marshmallow). • 5" display with capacitive touch. • 47-key tactile keypad. • 802.11 abgn, BT 4.0 • Pistol grip handle. • 19.2 watt-hour battery. • Barcode scanner: <i>Laser, Near-Far laser, 2D Imager, Near-Far 2D Imager.</i> • IP64, 5' drop rating. 	<ul style="list-style-type: none"> ✓ The Scepter was engineered for industrial applications such as manufacturing or warehousing, where a rugged device is desirable. ✓ The integrated flashlight is ideal for illuminating dark corners of the warehouse and the optional camera is perfect for quick photos on the fly.
	 <p>Starts at \$1,495 MSRP</p>	<ul style="list-style-type: none"> • Terminal Emulation device. • VT100, VT220, TN5250, TN3270. • 55-key tactile keypad. • 802.11 bgn. • With or without pistol grip handle. • 19.2 watt-hour battery. • Barcode scanning: <i>Laser, Near-Far laser, 2D Imager</i> • IP54, 5' drop rating. 	<ul style="list-style-type: none"> ✓ The Triton is specifically for traditional data collection applications where terminal emulation is the preferred communications protocol. ✓ The only dedicated TE device available on the market. ✓ Avoid investing in third party TE clients.
	 <p>Starts at \$1,395 MSRP</p>	<ul style="list-style-type: none"> • Windows® CE 6.0 Pro. • 3.5" QVGA display, resistive touch. • 55-key tactile keypad. • Optional 802.11 bgn radio. • With or without pistol grip handle. • 19.2 watt-hour battery. • Barcode scanning: <i>Laser, Near-Far laser, 2D Imager.</i> • IP54, 5' drop rating. 	<ul style="list-style-type: none"> ✓ The M7225 is ideal for data collection applications in warehousing or retail back office environments. ✓ Batch variant (non-Wi-Fi) comes with DC Suite software pre-loaded and offers a full keyboard and larger screen than the LDX10.
	 <p>Starts at \$645 MSRP</p>	<ul style="list-style-type: none"> • Windows® CE 6.0 • 2.8" QVGA display, resistive touch. • 24-key tactile keypad. • 13.4 watt-hour battery. • 1D Linear CCD barcode scanner. • USB data transfer. • Includes DC Suite applications as well as DC Console Program Generator. • IP54, 4' drop rating. 	<ul style="list-style-type: none"> ✓ The LDX10 and TDX20 are perfect when real time data transfer is not required and an affordable solution is a priority. ✓ Pre-loaded DC Suite software supports these applications: <ul style="list-style-type: none"> ▪ Inventory Counts ▪ Asset Tracking ▪ Check-in/Check Out ▪ Audits
	 <p>Starts at \$895 MSRP</p>	<ul style="list-style-type: none"> • Windows® CE 6.0 • 2.8" QVGA display, resistive touch. • 24-key tactile keypad. • Optional 802.11 bgn radio. • 13.4 watt-hour battery. • 1D Linear CCD barcode scanner. • Includes DC Suite applications as well as DC Console Program Generator. • IP54, 4' drop rating. 	<ul style="list-style-type: none"> ✓ Customize your own apps using the DC Console program generator. ✓ Simple and easy to use. ✓ Exports data into Excel or CSV formats for easy import into host applications.

AML Quick Reference Guide

Starts at \$1,595 MSRP

- Vehicle Mounted or Stationary.
- Android™ 5.1 (Lollipop).
- 9.7" display with capacitive touch.
- Power: 9-36 VDC, PoE, 5000 mAh backup battery.
- 802.11bgn, BT.
- USB, RS-232, Ethernet, HDMI.
- IP64.

- ✓ Both the [Paladin](#) and the [Guardian](#) are designed for vehicle-mounted (forklift) applications performing traditional **inventory control** tasks.

Starts at \$1,295 MSRP

- Vehicle Mounted or Stationary.
- Windows® Embedded Compact 7.
- 7" display with resistive touch.
- Power: 6-32 VDC.
- 802.11bgn, BT.
- USB, RS-232, RS-422, Ethernet.
- IP64.

- ✓ Both can also be used as a stationary computer in harsh environments where office-grade computers are not suitable.

- Work-In-Process.
- Labor Tracking.
- Time Clock.

Starts at \$1,695 MSRP

- Self-Service Kiosk.
- Windows® 8.1, Windows® 10, Android™ 6.1, Linux.
- 10.1" display with capacitive touch.
- Power: PoE, 5VDC.
- Integrated 2D barcode scanner.
- USB, Ethernet, HDMI
- Optional 802.11bgn with BT 4.0.

The [Monarch's](#) powerful architecture provides the performance of a desktop in user-facing applications. Integrated barcode scanning, printer, mag-stripe reader and EMV reader are all available options.

- Retail Applications
- Time & Attendance
- Hospitality
- Healthcare

Starts at \$1,595 MSRP

- Self-Service Kiosk.
- Windows® CE 6.0 Pro .
- 8" SVGA display with resistive touch.
- Power: PoE, 12VDC.
- Integrated 2D barcode scanner.
- USB, RS-232.
- Optional 802.11bgn.

- ✓ The [KDT3](#) self-service kiosk has the ability to scan barcodes, play video, voice and music files, and browse web pages.

- ✓ Use StoreScan software for retail price verification (\$125).

Starts at \$1,160 MSRP

- Self-Service Kiosk/Data Terminal
- Windows® CE 6.0 Pro.
- 5.6" VGA display with resistive touch.
- Power: PoE, 12VDC.
- Integrated 2D barcode scanner.
- USB x 3, RS-232 x 2, Wiegand HID, Isolated I/O x 2.
- Optional 802.11bgn.

- ✓ The [Phoenix](#) is a versatile and cost effective platform for:

- Retail Price Checking
- Access Control
- Time Clock
- Shop Floor Data Collection
- WIP/Labor Tracking

- ✓ Use StoreScan software for retail price verification (\$125).
